

Hi Michael,

Thanks so much for choosing to support Make-A-Wish on your exciting adventure. Your support is helping us to grant the wishes of children aged between 3 and 17 years battling life-threatening medical conditions such as cancer, cystic fibrosis, heart disease, muscular dystrophy, cerebral palsy and many others.

Wishes like Brandon from Dublin who is living with Medulloblastoma and wanted to meet all his favourite Superheroes. Brandon and his family travelled to Belfast and stayed at the Europa Hotel for two nights. On arrival in Belfast they checked into their hotel and then went to visit the W5 interactive exhibition with over 250 amazing fun exhibits and live science demonstrations (see below).

Please confirm your address so I can post you out your receipt at the end of your fundraising?

Kind Regards,

Mary

Brandon: I wish to meet my Superheld
